Re: UIC Permit Number 06S1261P5259
Osage County, Oklahoma

Dear Mr. Lynn:

Due to the change of ownership of the referenced permit and based on receipt of the necessary documentation, the permit has been transferred from Texaco, Incorporated to Lamamco Drilling Company.

The pressure tests completed on this well on March 2, 1993, showed that the wells have mechanical integrity as required by the referenced permit. This authorization is issued under authority of the Safe Drinking Water Act and the Osage Underground Injection Control (UIC) program regulations (40 C.F.R. §147.2920).

A minor permit modification referencing the change of ownership, authorization to inject, and a copy of the original permit is enclosed.

If you have any questions, please call Ms. Donna Bunn in Dallas at (214) 655-8093. Thank you for your cooperation in complying with the UIC program requirements for ground water protection in Osage County.

Sincerely yours,

Myron O. Knudson 11/16/93

Underground Injection Control Program

OSAGE MINERAL RESERVE
Authorization to Inject

Lamamco Drilling Company is hereby authorized to begin injection and operate Well No. 21-1WS, located at 0990' FSL, 1850' FWL; SW/4, Sec. 21, T 24N, R 07E, as a Class II injection well. The permittee is authorized to inject salt water for disposal.

Conversion of the well identified herein was authorized by Permit No. 06S1261P5259, dated November 25, 1987. This Authorization to Inject is hereby made a part of the referenced permit.

All requirements and conditions prescribed under Permit No. 06S1261P5259 and any modifications apply and remain in full force and effect during the effective period of this permit. This authorization is effective from the date entered below and shall remain in effect unless terminated.

Signed this 23rd day of November, 1993.
